

Simplified Fast Searches of Viewables Stored in a Windows Directory

Easy, Simplified Searches for Viewable Files

The Etrage Viewer reduces time and cost of viewing and printing CAD viewables and other file formats. The software displays PDF and other viewable files created by Etrage's Plot Service for Windchill (PSW), other viewable creation applications or manual processes. Viewable metadata can be added automatically through PSW or manually. The user-friendly search engine and document storage system mirrors many Internet search systems that are available for use every day.

- Web based interface for simple or complex searches of viewable documents
- User access controlled through the LDAP server or with internally controlled user names and passwords
- Three levels of access and permissions, User, Supervisor and Administrator
- Supports wildcard and metadata searches
- Supports all viewables generated from Etrage's Plot Service applications for Pro/ENGINEER®, SolidWorks®, AutoCAD®, Inventor®, CATIA V4 & V5® and NX®
- Searches a defined Windows folder and all sub-folders
- Supports large volume of viewables with very fast indexed search results
- Watermark insertion on PDF files
- Integrates with Adobe® Reader, AutoVue and other viewing applications

Simplified Fast Searches of Viewables Stored in a Windows Directory

EtrageViewer Complex Search

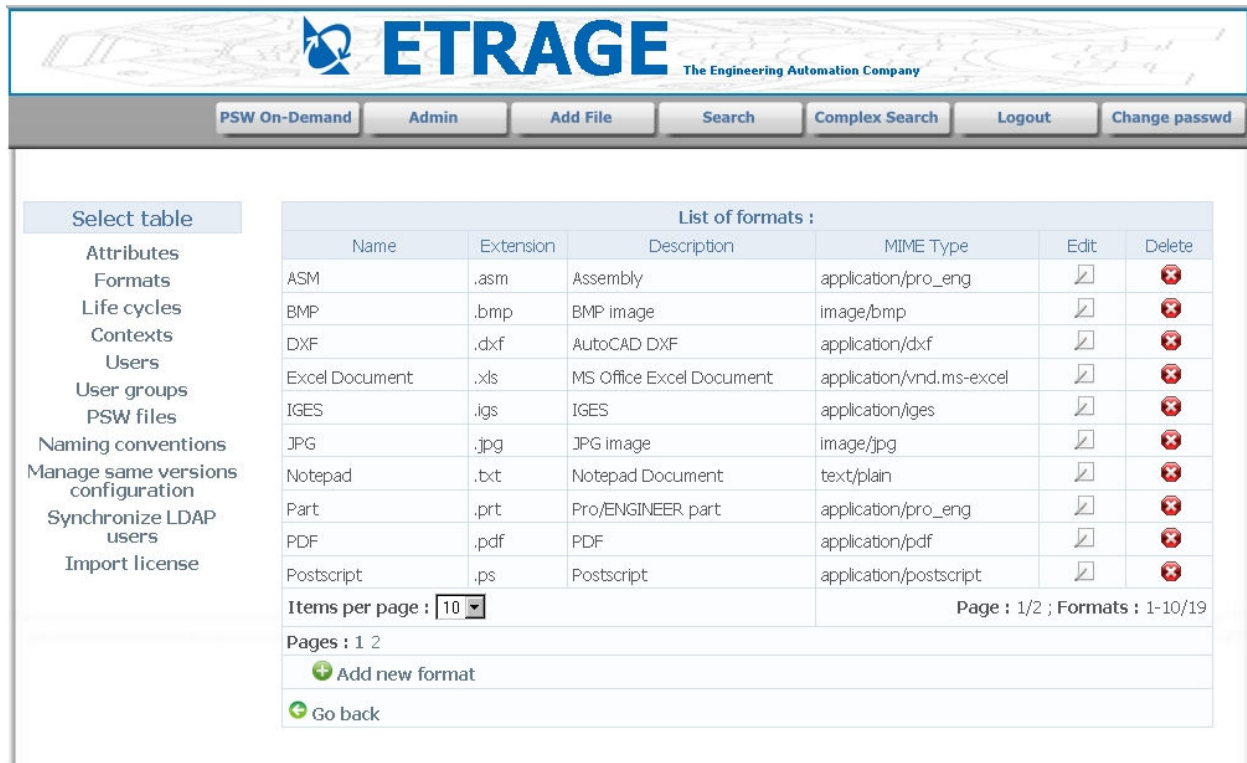

The screenshot shows the ETRAGE web application interface for a complex search. The header includes the ETRAGE logo and navigation buttons: PSW On-Demand, Search, Complex Search, Logout, and Change passwd. The main content area is titled "Enter search criteria:" and contains several input fields and dropdown menus:

- Document number: 1*
- Sheet: 1
- Revision: (empty)
- Iteration: 2
- Life cycle: Released
- Context: Project 2
- Sort by: Revision
- Filter by format: PDF
- Latest revision only:
- Additional attributes section with "Number of attributes" set to 3.
- Three rows for "Attribute name" (All) and "Attribute value" (empty).

At the bottom of the search criteria section are "Search" and "Clear" buttons. A "Home page" link is located at the bottom left of the main content area.

Administrators Panel

The screenshot shows the ETRAGE web application interface for the Administrators Panel. The header includes the ETRAGE logo and navigation buttons: PSW On-Demand, Admin, Add File, Search, Complex Search, Logout, and Change passwd. The main content area is titled "List of formats:" and contains a table with the following data:

Name	Extension	Description	MIME Type	Edit	Delete
ASM	.asm	Assembly	application/pro_eng		
BMP	.bmp	BMP image	image/bmp		
DXF	.dxf	AutoCAD DXF	application/dxf		
Excel Document	.xls	MS Office Excel Document	application/vnd.ms-excel		
IGES	.igs	IGES	application/iges		
JPG	.jpg	JPG image	image/jpg		
Notepad	.txt	Notepad Document	text/plain		
Part	.prt	Pro/ENGINEER part	application/pro_eng		
PDF	.pdf	PDF	application/pdf		
Postscript	.ps	Postscript	application/postscript		

Below the table, there are controls for "Items per page" (set to 10), "Pages: 1 2", "Add new format" button, and "Go back" button. The footer of the table area shows "Page: 1/2 ; Formats: 1-10/19".
